ABOUT US

Our mission is to promote understanding about infant mental health (IMH) and its importance, and to support the continuing professional development of all practitioners, early years workers, educators and students working to improve outcomes for parents, babies and toddlers.

AiMH UK, which was founded in 1996 and is an affiliate of the World Association for infant mental health (WAIMH), is a not-for-profit organisation and our primary function is to contribute to the raising of standards of IMH practice.

WHAT WE DO

- Raise awareness of the importance of Infant Mental Health for the child's future development
- Bring together practitioners working to promote the well-being of infants and toddlers in local AiMH UK hubs
- Provide CPD training events and conferences, delivered by experts in the field of infant mental health to update professional practice
- Provide practitioners with access to a range of resources that will improve their practice including the AiMH UK Best Practice Guides, the IJPE Journal, recommended IMH Books, articles and research papers.
